

Watsons raises RM40,000 to fund eight corrective surgeries

KUALA LUMPUR: Watsons Personal Care Stores Sdn Bhd has chipped in to fund the cost of eight corrective surgeries to restore the smiles of Malaysian children born with cleft lip and palate.

Watsons, via its 'Give the Gift of Smile' campaign, raised RM40,000 for the noble purpose.

The collection was

chanelled to the Ronald McDonald House Charities Malaysia (RMHC).

Watsons Malaysia general manager Kulvinder Biring said the six-week campaign launched last November, was aimed at bringing a smile to Watsons customers in Malaysia.

Throughout the campaign, customers who spent a min-

imum of RM10 at Watsons stores were entitled to purchase an exclusive Winnie-The-Pooh collectible for just RM9.90.

For each item sold, Watsons donated RM0.50 to the campaign. Biring presented the donation to RMHC president Chan Chee Chin at the McDonald's outlet in Sungai Wang Plaza here yesterday.- Bernama
